you have at last discovered there is editorial "we," "our," etc.
Preparal of your cutire last issue failed to show one beney-weeney ase of all." Good We didn't hardly believe it was in you!

It was in you!

You are young in this same, and ty the elimitation of the guarity taken by the elimitation of the quarity taken by the elimitation of the quarity taken by the Crude Superior of the quarity taken by the Crude Superior of German and Belgian markets and the difficulty of reaching scandinavian ports, was affected severely, the decline amounting to 109, cent, while the shrinkage in value was in excess of eleven per cent. How serious was the effect of the war upon the export trade in burning oil may be interred from the fact that up to August 1, exports in this commodity and hear that are the fact that up to a contract the commodity and the contract that up to a contract the cont

Shrinkage in Lubricating Oil. Shrinkage in Lubricating Oil,
Lubricating oils, which were not declared conditional contraband, suffered through other than war causes
as there was a shrinkage in exports
up to August 1 of eight and a quarter
per cont, while the shrinkage in the
entire year was only seven and a quar-

ter per cent, indicating that European conditions had somewhat stimulated the foreign demand for lubricants.

With a tremendous demand for motor fuel and fuel oil as a necessary incident to military operations, the naphthas and residual oils showed the deal in such property while interested in said business of common carrier of naphthas and residual oils showed the install business of common carrier of naphthas and residual oils showed the first 24 hours. No. 28 made four only increases in the export list. The former expanded in volume 11.6 per cent, but scored a shrinkage of nine per cent in value, while the heavy distillates gained 67 per cent in volume 11.6 per cent, but scored a shrinkage of nine per cent in value, while the heavy distillates gained 67 per cent in volume 11.6 per cent in volume 12.6 per cent in value, while the heavy distillates gained 67 per cent in volume 12.6 per cent in volume 13.6 per cent in volume 14.6 per cent in volume 15.6 per cent in volume 15.6 per cent in volume 15.6 per cent in volume 16.6 per cent in
